THE OPEN ANESTHESIA JOURNAL
ISSN: 2589-6458

The Open Anesthesia Journal is an open access online journal, which publishes research articles, reviews/mini-reviews, letters and guest edited single topic issues in all areas of experimental and clinical research in anesthesia, pharmakokinetics, anesthetic mechanisms, critical care, preoperative care, clinical skills, cost issues, coexisting disease, and other factors affecting treatment. It also includes articles related to cardiovascular anesthesia, pediatric anesthesia, and neurosurgical anesthesia.

The Open Anesthesia Journal, a peer-reviewed journal, is an important and reliable source of current information on developments in the field. The emphasis is placed on publishing quality original papers rapidly that are available to researchers worldwide.
